PRODUCT NAME	PLA OCEAN	DESCRIPTION	Soft Drink
NET WEIGHT	50ml × 10 bottles	EXPIRY DATE	18 months
MANUFACTURED BY	KYOWA YAKUHIH CO., LTD.	DISTRIBUTED BY	T. MOCHIZUKI, LTD.

CONCEPT “WELL BEING”

Today, pig and horse placenta are widely used in our daily life. The main ingredient, salmon ovary peptide (SOP) is ovary envelop of salmon which is enzyme degraded by the patented process and has similar amino acid composition to the placenta of animal origin.

Because salmon catches less plague than animals and is not used any drug like antibiotics, the safety is extremely high. SOP has been confirmed to have liver function improvement effect (detoxification) and a function of diabetes prevention, and expected to be effective to metabolic syndrome. Furthermore, SOP has anti-aging effect and makes skins beautiful by cell activation like animal-origin placenta, and supports diet by decreasing fat cells after exercise and preventing enlargement of fats.

This product contains hydrolyzed collagen and hyaluronic acid in addition to SOP to upgrade your beauty and health. It is peach-like taste, easy to drink for everyone in all generations. SOP is our exclusive ingredient.

○ Salmon Ovary Peptide (SOP)

: The functional ingredient is produced from an egg of domestic salmon in Shibetsu city, Hokkaido, which is one of the biggest salmon catch areas in Japan and developed area of regional HACCP.

○ Ingredients to enhance SOP's effect

☆Hydrolyzed collagen

Fish scale-origin collagen is little polluted by toxic substances and easily absorbed into the body with small molecular weight. Collagen is contained in cellular tissues of the skins, blood vessels, internal organs, bones, joints, etc. with fibrous form to connect cells as an adhesive. The producing capacity decreases with aging resulting to various aging troubles not only in the skin such as wrinkles and sags but also all tissues and organs.

☆Hyaluronic acid and Chondroitin

Hyaluronic acid and chondroitin are mucopolysaccharides to keep water in tissues and organs in the body to connect cells. In particular, hyaluronic acid can hold 6L of water in only 1g. They work with collagen and moisturize tissues and organs including skin to work smoothly. Not absorbed through the skin, they should be taken positively from the body.

☆Hydrolyzed silk extract

Hydrolyzed silk extract is expected to block ultraviolet, inhibit tyrosinase and active enzyme activity, and moisture skin for skin whitening.

☆Vitamin C and Vitamin B groups

Vitamin C and Vitamin B groups are expected to make skin beautiful and white, have antioxidant effect and have fatigue recovery effect.

PERFORMANCE

- Skin moisture • Improvement of flecks, wrinkles, and sags • Skin lightening and improvement • Anti aging
- Improvement of chill and hot flash • Liver function improvement (detoxification) • Lifestyle disease prevention
- Cell stimulation and prevention • Chronic fatigue syndrome etc.

INGREDIENTS

- Salmon Ovary Peptide • Hydrolyzed collagen • Hyaluronic acid • Hydrolyzed silk extract • Shark cartilage extract
- Mushroom extract • Galactooligosaccharides • Vitamin B1 • Vitamin B2 • Vitamin B6 • Vitamin B12 • Vitamin C
- Flavor, Preservative, Sweetener

STRAGE CONDITIONS Keep the product out of high temperature, high humidity, and direct sunlight, store in a cool place

RECOMMENDATIION Drink 1 bottle daily. Cool before serving for best taste.

REMARKS This product is not medicines, and to tell effect-efficacy of any specific diseases violates the Pharmaceutical Law in Japan. This product information is only for training employees. Don't use it for any advertisements or catchwords for promotion.

PRODUCT NAME	PLA OCEAN PREMIUM	DESCRIPTION	Soft Drink
NET WEIGHT	50ml × 10 bottles	EXPIRY DATE	18 months
MANUFACTURED BY	KYOWA YAKUHI CO., LTD.	DISTRIBUTED BY	T. MOCHIZUKI, LTD.

CONCEPT “FOR TOMORROW’S BEAUTY AND FUTURE BRIGHTNESS”

Aging is the biggest enemy for us who want to keep beauty and youth. But we cannot avoid especially skin aging because of the decrease of physiology and adaptability to stress.

The main ingredient, salmon ovary peptide (SOP), is ovary envelope of salmon has similar amino acid composition to the placenta of animal origin. It protects your skin from aging problems such as spots, freckles, or sagging and makes your skin white and beautiful by cell activation effect. Furthermore, it supports skin's vitality from inside the body including fatigue recovery, sleep improvement, and improvement in unidentified complaint. Monitoring result shows the quick effect of SOP that skin and physical condition were improved among 60 to 80% of participants.

Aging relates to various factors, one of which is glycation by denaturation of protein and carbohydrate. It's becoming a mainstream the big factor causing aging is AGE product produced by glycation of proteins in the body and glucose taken by meals. We face with signs of aging including dullness in skin color or skin sagging by accumulation of brownish AGE product.

This product contains various materials with SOP for anti-aging. Take Pla Ocean PREMIUM for intensive care for tomorrow's beauty and future brightness.

O Salmon Ovary Peptide (SOP)

: SOP is oligopeptide produced from an egg of domestic salmon in Hokkaido by patented process. Liver function improvement (detoxification) and diabetes prevention were confirmed during the development study of SOP for efficient use of biomass.

O Ingredients to enhance SOP's effect

☆Hydrolyzed collagen

Hydrolyzed collagen is easily absorbed into the body with small molecular weight compared with normal collagen. Collagen is contained in various cellular tissues with fibrous form to connect cells as an adhesive. 70% of dermis consists of collagen and the producing capacity decreases with aging, which results in aging troubles such as wrinkles and sags.

☆Hyaluronic acid

Its producing capacity decreases with aging such as collagen, hyaluronic acid keeps water in tissues and organs in the body. The triple power of SOP, collagen, and hyaluronic acid increases collagen production capacity for anti-aging

O Power up ingredients for anti-aging

☆Rose leaf extract and herb extract

Polyphenol contained in rose leaf extract and herb extract stimulates anti glycation on skin by decreasing AGE product. And skin whitening effect is expected by antioxidant effect of suppressing active oxygen.

☆Korean ginseng and soy isoflavone

The combination of SOP, soy isoflavone, and Korean ginseng extract encourage the improvement of menopausal disorders.

PERFORMANCE

- Skin moisture • Improvement in flecks, wrinkles, and sags • Skin lightening and improvement • Anti aging
- Improvement in chill and hot flash • Improvement in menopausal disorders • Liver function improvement (detoxification)
- Lifestyle disease prevention • Cell stimulation and prevention • For chronic fatigue syndrome etc.

INGREDIENTS

- Collagen peptide (Fish origin) • Salmon Ovary Peptide • Royal jelly • Soy germ extract • Korean ginseng extract
- Rose leaf extract • Herb extract (Houttuynia cordata, Crataegus oxyacantha, Chamomile and Grape leaf)
- Trehalose • Acidulant • Flavor • Cyclodextrin • Sweetener (Acesulfame-K, Sucralose) • Hyaluronic acid
- Haematococcus algae color (containing astaxanthin)

STORAGE CONDITIONS Keep in a cool dry place and avoid direct sunlight.

SUGGESTED USE Drink 1 bottle daily. Cool before serving for best taste.

REMARKS This product is not medicines, and to tell effect-efficacy of any specific diseases violates the Pharmaceutical Law in Japan. This product information is only for training employees. Do not use it for any advertisements or catchwords for promotion.

CONCEPT **“WELL BEING”**

Today, pig and horse placenta are widely used for beauty, health maintenance, health promotion, and medicines in our daily life.

The main ingredient, salmon ovary peptide (SOP) is ovary envelop of salmon which is enzyme degraded by the patented process and has similar amino acid composition to the placenta of animal origin.

Salmon catches less plague than animals and is not used any drug like antibiotics. Therefore, the safety is extremely high. SOP has been confirmed to have liver function improvement effect (detoxification) and a function to prevent diabetes, and expected to be effective to metabolic syndrome. Furthermore, SOP has anti-aging effect and makes skins beautiful by cell activation as well as animal-origin placenta, and supports diet by decreasing fat cells after exercise and preventing enlargement of fats.

This product contains Hyaluronic acid, Pfaffia extract, Konjac ceramide, Vitamin C and Vitamin B group in addition to SOP to upgrade your beauty and health. Soft capsule is easy to take.

○ Salmon Ovary Peptide (SOP)

: It is also known as “Ocean Placenta”. The functional ingredient is produced from an egg of domestic salmon in Shibetsu city, Hokkaido, which is one of the biggest salmon catch areas in Japan and developed area of regional HACCP.

○Hyaluronic acid

Hyaluronic acid is mucopolysaccharides to keep water in tissues and organs in the body to connect cells. In particular, hyaluronic acid can hold 6L of water in only 1g. It works with collagen and moisturizes tissues and organs including skin to work smoothly. Not absorbed through the skin, it should be taken positively from the body.

○Pfaffia extract, Konjac ceramide, Vitamin C and Vitamin B groups

: Vitamin C and Vitamin B groups are expected to make skin beautiful and white, and have antioxidant and fatigue recovery effect.

PERFORMANCE

- Skin moisture • Improvement of flecks, wrinkles, and sags • Skin lightening and improvement • Anti aging
- Improvement of chill and hot flash • Liver function improvement (detoxification) • Lifestyle disease prevention
- Cell stimulation and prevention • Chronic fatigue syndrome etc.

INGREDIENTS

- Olive oil • Salmon ovary peptide • Pfaffia extract • Vitamin E containing plant oil
- Konjac extract • Gelatin • Glycerin • Vitamin C • Glycerol esters of fatty acids
- Bees wax • Caramel color • Vitamin B₆ • Hyaluronic acid • Vitamin B₂ • Cyclodextrin • Vitamin B₁₂

STORAGE CONDITIONS Keep in a cool dry place and avoid direct sunlight.

SUGGESTED USE Take 4 capsules daily with water or lukewarm water.
